

Rebel Yell II

ASW Escort of a Carrier Battle Group (North Pacific)

When ready for sea, get underway and proceed to North Pacific waters where you will rendezvous with a carrier battle group for operations as an element of the task group.

Your primary mission will be ASW. Intelligence reports show that a Russian SSN in rebel hands has been attacking allied shipping in the area.

The task group will be escorting vessels of US and allied registry.

Upon arrival, copy the broadcast for the latest intelligence and locating data. Your weapons loadout should be optimized for ASW operations against a front-line SSN.

ADM Kim Castro
Commander, US Seventh Fleet
